Eric and Shelly Olsen

Thank you for considering Olsen Custom Homes as your builder.

Allow us to introduce ourselves and explain what makes Olsen Custom Homes so different.

My wife Shelly and I founded Olsen Custom Homes on a simple principle. Do everything with integrity. That's why we decided to put our name on it. What better way to show you that we stand behind everything we do.

As our business grows and our vision continues, so does the list of customers who love us. In fact, most of our new customers are referred to us from home owners who already know what it's like to live in an Olsen Custom Home.

We know the most important element in building a new home is you. That's why we take the time to hear what you have to say.

You may decide to modify one of our existing plans, or engage in creating a one-of-a-kind custom estate. We will guide you through the process and make your new home everything you imagined... and more.

That's what we call "Building Integrity" with every home. Please take a few moments to review our plans and learn more about Olsen Custom Homes.

Give us a call today, we would love to meet you.

Eric and Shelly Olsen
